Sustainability Data Capture Tool

Role Definitions

Who is an <u>Administrator</u> within SSEN Transmission?

This is the Project Coordinator or Project Manager within Network Renewals and Connections.

Who is a <u>Viewer</u> within SSEN Transmission?

A mandatory Viewer is a Delivery Project Manager; however, any SSEN Transmission employee with an interest in a specific project may gain access pending the request is appropriate. Please discuss any access requests with the Administrator of the project.

Who is a <u>Reporter</u> within SSEN Transmission?

This is a Principal Contractor and Contractor who is operating on SSEN Transmission projects. There will likely be multiple reporters from an organisation required to complete the relevant sustainability data reporting criteria.
